

## Camping Rules & Regulations

- No vehicles may be parked or staged at any time on or adjacent to Indian Springs Road, nor on any other roadway surrounding Phoenix International Raceway property. Signs posted along Indian Springs Road and surrounding roadways that read "No Stopping Standing Parking Anytime" were placed there by the proper county or municipal jurisdictions in the interest of public safety. Campers who arrive and park or stage along any roadway prior to Phoenix International Raceway authorized on property staging may be subject to law enforcement action including citations or having their vehicle(s) towed. PIR strongly recommends that race fans planning to stage their RV make plans to arrive during the posted authorized staging time period.
- Each reserved marked camping space is for 1 camping (livable) unit and 1 tow vehicle only. A reserved RV and vehicle pass is required. Please note we have a new pass style this year. Carefully remove the permit from the liner and affix the pass in the lower left-hand corner of your windshield (driver side). RVs being dropped off by a rental company are required to have the original reserved RV pass as copies will not be accepted. The original RV pass must be affixed to the RV/vehicle at time of check in, and remain affixed on the RV/vehicle while parked on property.
- Camping unit, equipment and tow vehicle must all fit within the marked space. Additional vehicles may park in Yellow 1. No overnight camping is allowed in the Yellow 1 parking lot.
- Each RV/vehicle must have an unreserved parking pass to access the unreserved camping area. Each livable unit or trailer 10' or more in length, will also require an unreserved parking pass/decal.
- Unreserved RV parking is first-come, first-serve. No roping off or "saving" spaces. If multiple RVs wish to camp together, they must arrive together. Note that space is limited and may not accommodate all RVs in a group.
- An unreserved RV campsite is approximately 20'x40'. Staff will monitor the area and remove any materials used to mark off excessive space. Please do not block ingress or egress to crosswalks or tram stops.
- Fire lanes and roadways cannot be blocked at any time. Please park all campers and vehicles in designated camping areas or spaces only. Do not block roadways. Activities in roadways that interfere with traffic or emergency access will not be permitted.

- Offensive signs, flags or banners, lewd behavior and profanity, as determined by PIR in its sole discretion, will not be tolerated.

If your generator is not ventilated properly you will be required to correct immediately or turn it off for the remainder of the event.
